## Braeburn Offers a Taste of the Country

Braeburn  
Photo: Ryan Charles

Chef Brian Bistrong (ex [The Harrison](#)) strikes out on his own with [Braeburn](#), a seasonal New American arrival set on a quiet West Village corner; its wood-heavy decor (floors, tables, chairs) and a large painting of the Bistrong family farm create a cozy atmosphere that may have diners feeling they've escaped to the country for a while.
